Heads up!

There will be new clubs in our division! Günther Schmalzl and Bruno Müller from the Munich Business Speakers, will found a new club soon. A possible name might be Munich Media Speakers. They will meet at the same venue and on Thursdays as well. Their bonus is to train people speaking to the microphone.

Another new club is planned for Augsburg.

Everybody who is interested or knows someone who might be interested is invited to join these new clubs! There are slots for speeches as well as officer roles available. Working in a club in statu nascendi is something for real pioneers with an entrepreneurial spirit.

Only at Toastmasters is the investment petty, but the return priceless!

Mardi Gras.

Karneval in Germany, especially in Cologne, Mainz and Veitshöchheim is the home of Büttenreden and similar fun making speeches. In our meeting we had no Büttenreden but lots of fun! Please see our meeting notes on page 2.

Quote of the Day

Be not ashamed of mistakes and thus make them crimes.

Confucius, Chinese philosopher & reformer (551 BC - 479 BC)

Meeting Notes January

Table Topics were presented by Heike Krapf. According to the spirit of the Reverse Meeting. Impromptu speakers answered to a question which was presented by Heike after the speech.

President Distinguished Club

Our District Lieutenant Governor Marketing and DTM, Ellen Hermens, presented us project #8 „Visual Aids“ from the Competent Communicator manual. Advanced Toastmasters often restart with the very first manual when they have completed their Distinguished Toastmaster. With all this knowledge and experience in mind they have a completely different let me say sophisticated approach to this manual with which we all start with. This provides us insights from an expert's point of view towards these projects. Ellen not only used visual aids in her speech, but she showed us by using the flip chart, in the touch-turn-talk manner how we can make best use of them to support our message. A German proverb says „ein Bild sagt mehr als 1,000 Worte“ and this was proven to be true. Facts & figures are always something to be considered dry, but as soon as there are stickmen marked with different colours, everyone soon can imagine what e.g. „7 out of 10“ means.

A good reason to become a Toastmaster, now . . .
